

PRW Advanced CounterSniper

PRW Countersniper is an advanced police sniper course designed to prepare a current operational sniper for the specific demands of dealing with a dedicated criminal suspect with a long gun.

Specific Issues addressed:

- Active shooters
- Criminal snipers
- Dealing with a "broken arrow"
- Fieldcraft skills
- Land navigation applications
- Scouting
- Long Range Shooting skills
- Observation skills
- Shooting under stress
- Real Life Debriefs
- Specific Tactics for countersnipers
- SASR applications (.338 lapua, 50 bmg)

Four Days (40 hours) (\$450)

Prerequisites require a basic police sniper course and active LE current deployment as sniper. (LE SWORN only)

Unfortunately, the "unthinkable" is happening in the headlines everyday. Its becoming mandatory for departments to train their personnel at a higher level for these threats.

The Precision Rifle Workshop LLC is a series of police sniper and general topic law enforcement courses held annually in the Rocky Mountain area for law enforcement and military personnel.

PRW Instructors are drawn from the military and Police department SWAT teams for their exceptional experience and presentation skills.

Day One: Classroom—CounterSniper operations and Tactics, debriefs and equipment, ballistics,

Days 2-4—Range time, Precision fire and marksmanship, stalking,

Precision shooting under stress, tactics, positional skills, scouting, live fire scenarios

Testing and Qualifications

Equipment: Typical students bring a .308 caliber bolt action rifle with a high powered scope with external tactical style MOA adjustments, 300 rounds of match ammunition and a camelback. A more detailed list is sent upon registration for a course.

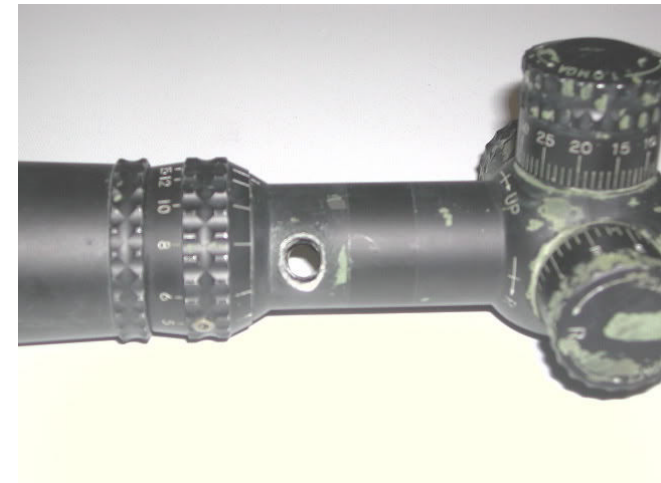

Tuition cost: \$450 To register call 1-877-860-9475
